**Onderwerp:** HE Week mail

Dear colleagues,

Here is the team update for this week.

❖ **GENERAL ANNOUNCEMENTS**

- **Fundamental Faculty Festival** - CEG building will be closed on Friday 2 May from 18:00 and on Saturday due to the [Fundamental](#) Faculty Festival. Please be so kind to leave the building ultimately at 17.45. The Stevin labs will remain accessible via their own entrances at ground level. Employees with 24h access can enter the building via entrance C. Other employees with an urgent need to access the building can contact their department secretary.
- **MSc Education Costs** - Costs related to MSc education (like teaching assistants or fieldwork expenses) are paid from the EMT budget, not the department budget. If you expect any such costs, please reach out to your module manager to check if funding has been planned and to request the correct EMT baancode.
- **Research Funding Week** - The [Research Funding Week](#) is a good moment to start creating that funding strategy on a personal level. This week of funding is organized between 16-20th of June.
- **HE Colloquium** - The HE Colloquium is seeking two speakers (PhDs, postdocs, or staff) from HSFR for short talks (20 mins + Q&A) on May 13 and Oct 14. If you're interested, please reply to Maria Pregnolato ([m.pregnolato@tudelft.nl](mailto:m.pregnolato@tudelft.nl)) with your preferred date and a brief abstract by Friday, April 25.
- **Team Update Archive** - From now on, the team updates can also be found on [the HE website](#) (under General Department -> MT of the Department of HE -> Week mails).

❖ **TOPIC OF THE WEEK: HOLIDAY PLANNING**

With the upcoming bank holidays and summer on the horizon, it's a perfect moment to check your holiday balance in TIM. Let's look out for one another by making sure we all take the time to rest and recharge.

Met vriendelijke groet / Kind regards,

Elske, Dijana & Jelle
